INTRODUCTION

Thank you for your interest in partnering with Devark Studios for your website development project. With well over 100,000 firms offering website development services, we know how challenging it can be to find the right agency for your web development needs.

At Devark Studios, we hold one goal above all others: 100% client satisfaction. Our in-house team of web designers, copywriters, graphic designers, and developers uphold the highest standards for project planning and execution, and we're dedicated to building the perfect website for your company on-time and on-budget.

We've built websites for several brands around the world with great success, and are quite excited to get to work on yours

In this proposal, you'll find examples of our past work along with what we feel is the optimal solution for your website development needs, along with the associated delivery timeline, costs, and project terms. Once you've reviewed this proposal thoroughly, simply electronically sign it at the bottom to indicate your approval.

Thanks again for the opportunity to earn your business!

EXECUTIVE SUMMARY

Relief Hospital requires a full website build to support your digital growth strategy. This website will allow you expose your brand to organic audiences via search engines, leverage digital advertising to boost lead generation, and deploy content marketing to build brand awareness and authority.

Devark Studios is uniquely qualified to build the website that you desire, due to our in-house team of designers, writers, and developers, and our experience working with clients in your industry.

Our past work includes:

Kunafa Mafias

We previously worked with **Kunafa Mafia**, a **Shark Tank**–backed startup, to design and develop their website with a smooth, modern, and engaging frontend. The project focused on clean UI/UX, performance, and responsive design to accurately reflect the brand's premium identity and growth.

Haridwar Elmas

We worked with **Haridwar Elmas**, a professional cricket team from **Uttarakhand**, to develop a clean, engaging website with smooth frontend interactions and a strong visual identity.

SOLUTION OUTLINE

Devark Studios will build your website using the content management system (CMS). This CMS is used by more than a million brands around the world, and is known for its ease of use, security, and scalability. CMS will allow you to do the following once your website is launched:

Easily update page content and images

Integrate with analytics software to track page and site performance

Post new content to your company blog

We propose that your site be hosted with using modern technologies. This will ensure that your website is capable of supporting a high volume of traffic while remaining protected from malicious entities.

SITE STRUCTURE

Your website will have the following pages:
